

Selling alcohol or tobacco products to minors unknowingly? Selling controlled/prescription substances over the counter? Purchasing or selling firearms to and from the general public? Is your business or store exposed to a potential liability in not determining proper identification? AVE would like to introduce you to the device you need, The "i-Checked" System. Utilizing the latest technology, the "i-Checked System" can aide you in an I.D. situation. The system will aide in the prevention or potential alcohol, tobacco, and other under age sale

violations, thereby lowering business liability in such cases. The system records a customer's I.D. onto a DVR or other recording device, helping to insure that employees are fulfilling their responsibility in checking a customer's date of birth. For example, if later you are confronted with an allegation that your business or store sold alcohol to a minor, merely play back the DVR showing the presented I.D. The liability protection regarding fake I.D.'s will prove the viability of the "i-Checked System" from AVE

**Features**

- Reduces Liability
- Works with most Camera systems
- Forces Cashier / Employee to follow procedures
- Creates a log within the Video Recording
- 1/3 CCD Imaging Camera
- Adjustable Recording Time (Instant to 21 seconds)
- Dimensions 3"W x 3.5"H x 9"L
- Video input and output 1v P-P 75 Ohm
  
- Ideal For
  - Bars / Night Clubs
  - Tobacco Sales
  - Alcohol Sales
  - Gun Sales
  - Rental Car Counters
  - Explosive Sales
  - Fertilizer Sales
  - Medical Sales

**"Pin Hole" Camera Specification**

Lens	3.6mm or 4.3mm	S/N Ratio	More than 64 dB
Image	1/3" CCD Format	Gammer Shutter	0.45 seconds
Resolution	512 TVL	Electronic Shutter	EIA = 1/60 - 1/100,000 Second
TV System	EIA, CCIR		CCIR = 1/50 - /100,00 Second
No. Pixels	EIA = 510(H) x 492(V)	Power Supply	12V @ 500 ma Max
	CCIR = 500(H) x 582(V)	Audio S/N Ratio	More than 36 dB
Scanning System	2:1 Interlaced	Audio Output level	1V P-P 600 Ohm
Sync System	Internal Sync	Audio Freq. Range	20Hz to 20KHz
Usable Illumination	0.1 Lux (F 1.2)
